

Two Striper®

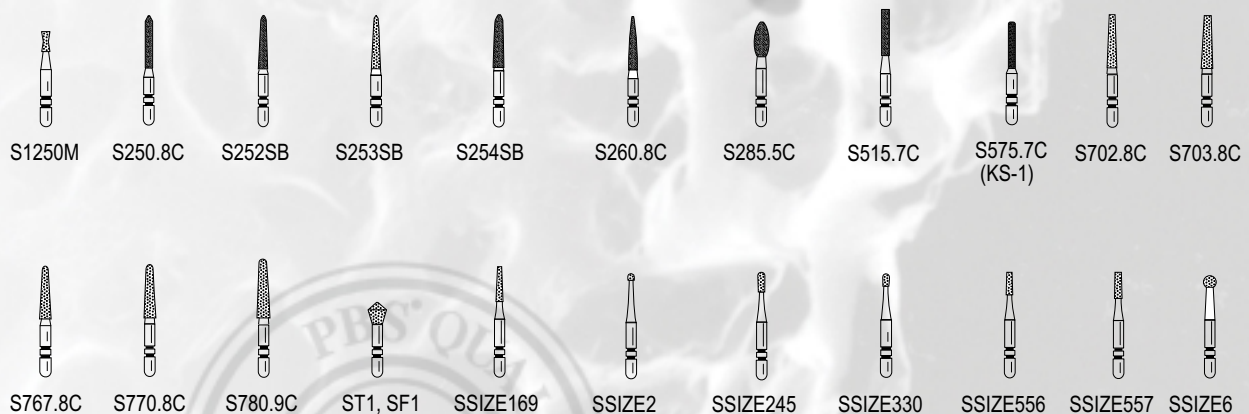

DENTAL DIAMOND INSTRUMENTS

Manufactured by Abrasive Technology, Inc.

ShortCut™

Experience the Two Striper® P.B.S.® advantage of a faster cutting and longer lasting diamond with a short shank.

- The short shank provides easier access in the posterior regions of the mouth.
- Available in over twenty popular shapes, including operative and crown and bridge.
- Two Striper® ShortCuts™ meet the challenges of pediatric and geriatric dentistry.
